PROFESSIONAL SUMMARY

Senior Cybersecurity Technical Account Manager with 15+ years of experience in enterprise infrastructure, endpoint protection, and technical advisory. Expert at guiding Fortune 500 customers through complex technical transitions and cloud-native transformations. Proven track record of managing high-stakes technical relationships at Rackspace and Cloudamize, specializing in risk mitigation, incident response coordination, and platform adoption.

CORE COMPETENCIES

WORK EXPERIENCE

Cloudamize Inc an Atos Company 10/2021 - 05/2025

Technical Account Manager (Cybersecurity & Cloud Advisor)

- Strategic Advisory:** Served as the primary technical point of contact for enterprise customers, ensuring maximum value from cloud-native migration and security assessments.
- Platform Adoption:** Led 90-day engagements to guide customers through infrastructure discovery and security posture optimization, translating legacy footprints into secure AWS/Azure architectures.
- Technical Advocacy:** Acted as a bridge between customers and internal product teams to influence roadmap decisions based on enterprise security requirements.
- Risk Mitigation:** Produced comprehensive technical deliverables (TCO and security reports) to resolve complex architectural issues and enhance customer engagement.

Rackspace Managed Hosting 10/2013 - 10/2021

Windows Enterprise Systems Engineer (Cybersecurity Focus)

- Endpoint Protection & Audit:** Conducted technical health checks and business reviews for high-stakes enterprise environments, ensuring optimal security posture and compliance (NIST, PCI, HIPAA).
- Incident Response Coordination:** Led technical recovery efforts during major service outages and security incidents, acting as a trusted advisor to C-suite stakeholders.
- Proactive Monitoring:** Developed PowerShell automation for rapid incident remediation and proactive resource optimization, reducing manual overhead by 30%.
- Lifecycle Management:** Partnered with internal teams to implement security-first infrastructure improvements, hardening systems against emerging enterprise threats.

Rackspace Managed Hosting

Senior Systems Engineer (Dedicated Admin III)

- Enterprise Infrastructure:** Managed technical support for high-value customer bases, serving as a Subject Matter Expert (SME) for mission-critical Windows/AD stack.
- Security & Reliability:** Proposed and implemented system enhancements that significantly improved the security, performance, and reliability of dedicated customer environments.

Christus Health Systems 07/2012 - 10/2013

NOC Incident Coordinator

- Outage Management:** Coordinated major incident responses for enterprise-wide outages, ensuring rapid technical escalation and service restoration.

Medina Valley ISD 02/2009 - 06/2012

Systems & Network Technician

- Administered district-wide hardware/software infrastructure, including Cisco network and security systems.

Tom Green County

03/2006 - 01/2009

Desktop Support Technician

- Provided comprehensive desktop support for all county users, resolving 95% of issues on first contact and improving overall user satisfaction.

Angelo State University

05/2004 - 03/2006

Desktop Support Technician

- Diagnosed and resolved hardware, software, and network issues for faculty and staff, ensuring optimal performance across campus workstations.

KEY PROJECTS

EDUCATION

Bachelor of Business Administration in MIS

Angelo State University
