PROFESSIONAL SUMMARY

Senior Cybersecurity Technical Account Manager & SASE Architect with 15+ years of experience in enterprise infrastructure, technical advisory, and secure cloud transformation. Expert at guiding Fortune 500 customers through the adoption of zero-trust security models and cloud-native architectures. Proven track record of managing high-stakes technical relationships at Rackspace and Cloudamize, specializing in risk mitigation and platform health.

CORE COMPETENCIES

WORK EXPERIENCE

Cloudamize Inc an Atos Company 10/2021 - 05/2025

Strategic Technical Advisor (Technical Account Manager)

- Cloud Security Transformation:** Led 90-day technical engagements to guide enterprise customers through secure cloud migration, mapping on-prem controls to secure AWS/Azure native architectures.
- Strategic Advisory:** Served as the primary technical point of contact for enterprise clients, ensuring maximum value from security assessments and infrastructure discovery.
- Technical Advocacy:** Bridged the gap between customer security requirements and internal product teams to influence roadmap decisions.

Rackspace Managed Hosting 10/2013 - 10/2021

Senior Security-Focused Systems Engineer (Customer Success Engineer)

- Infrastructure Security & Audit:** Conducted technical health checks and business reviews for high-value accounts, ensuring optimal security posture and compliance (NIST, PCI, HIPAA).
- Incident Response Coordination:** Acted as a trusted advisor to C-suite stakeholders during major service outages, leading technical recovery efforts and ensuring long-term remediation.
- Proactive Risk Mitigation:** Developed PowerShell automation for rapid incident remediation and proactive resource optimization, reducing manual overhead by 30%.
- Lifecycle Management:** Partnered with stakeholders to design and implement security-first improvements, hardening infrastructure against emerging enterprise threats.

Rackspace Managed Hosting

Senior Systems Engineer (Dedicated Admin III)

- Enterprise Infrastructure:** Managed technical support for mission-critical Windows/AD stacks, serving as a Subject Matter Expert (SME) for high-value customer environments.
- Reliability Engineering:** Proposed and implemented system enhancements that significantly improved the security, performance, and reliability of dedicated clusters.

Rackspace Managed Hosting

Systems Administrator I

- Automation:** Utilized internal APIs and scripting to automate security auditing and resource optimization for enterprise environments.

Christus Health Systems 07/2012 - 10/2013

NOC Incident Coordinator

- Incident Management:** Managed enterprise-wide incident responses for major network outages, coordinating technical teams for rapid restoration.

Medina Valley ISD 02/2009 - 06/2012

Systems & Network Technician

- Administered district-wide hardware/software infrastructure, including Cisco network and security systems.

Tom Green County

03/2006 - 01/2009

Desktop Support Technician

- Provided comprehensive support and preventive maintenance for county-wide systems, ensuring 95% first-contact resolution.

Angelo State University

05/2004 - 03/2006

Desktop Support Technician

- Diagnosed and resolved hardware and software issues for faculty and staff, maintaining campus-wide system security and performance.

KEY PROJECTS

EDUCATION

Bachelor of Business Administration in MIS

Angelo State University
