PROFESSIONAL SUMMARY

Senior Cybersecurity Technical Account Manager with 15+ years of experience in enterprise infrastructure and high-stakes technical advisory. Specialist in **Premium Account Management** and Tier 3 technical sustainment, with a proven track record of guiding Fortune 500 customers through complex platform adoptions and security transformations. Expert at identifying renewal risks and acting as a trusted advisor to C-suite and SOC stakeholders to maximize platform ROI and security health.

CORE COMPETENCIES

WORK EXPERIENCE

Cloudamize Inc an Atos Company

10/2021 - 05/2025

Senior Strategic Advisor (Technical Account Manager)

- Premium Advisory:** Served as the primary technical point of contact for enterprise-tier customers, delivering high-touch advisory services that ensured maximum value from cloud-native transformations.
- Platform Health:** Led 90-day technical assessments for Fortune 500 clients, translating legacy footprints into secure, optimized AWS/Azure architectures with 99.9% project success.
- Renewal Strategy:** Acted as a trusted advisor to resolve complex architectural issues, enhancing customer engagement and identifying expansion opportunities that drove account retention.

Rackspace Managed Hosting

10/2013 - 10/2021

Senior Technical Account Manager (Windows Enterprise Engineer)

- Strategic Security Audit:** Conducted proactive technical health checks and business reviews for high-stakes enterprise environments, ensuring compliance (NIST, PCI, HIPAA) and platform optimization.
- Incident Response Coordination:** Led technical recovery efforts during major service outages, serving as the primary advisor to C-suite stakeholders and ensuring zero-recurrence remediation.
- Enterprise Automation:** Developed advanced PowerShell scripts to automate fleet-scale environment audits, reducing operational overhead by 30% and enabling proactive risk mitigation.
- Stakeholder Management:** Built deep relationships with key stakeholders, delivering actionable architectural insights that aligned technical capabilities with business objectives.

Rackspace Managed Hosting

Senior Systems Engineer (Dedicated Admin III)

- Enterprise Infrastructure:** Managed technical support for mission-critical Windows/AD stacks, serving as the SME for high-value enterprise customer bases.
- Reliability Engineering:** Proposed and implemented system enhancements that significantly improved security, performance, and reliability for dedicated clusters.

Rackspace Managed Hosting

Systems Administrator I

- Fleet Orchestration:** Utilized internal APIs and scripting to automate infrastructure auditing and resource optimization for enterprise environments.

Christus Health Systems

07/2012 - 10/2013

NOC Systems Operator (Incident Coordinator)

- Outage Management:** Coordinated major incident responses for enterprise-wide network outages, ensuring rapid technical escalation and restoration.

Medina Valley ISD

02/2009 - 06/2012

Systems & Network Technician

- Administered district-wide hardware and software infrastructure, including Cisco network and security systems.

Tom Green County

03/2006 - 01/2009

Desktop Support Technician

- Provided comprehensive support for all county users, achieving a 95% first-contact resolution rate and improving overall user satisfaction.

Angelo State University

05/2004 - 03/2006

Desktop Support Technician

- Diagnosed and resolved hardware, software, and network issues for university faculty and staff, ensuring optimal performance across campus workstations.
